Student Reassignment

If you wish for your child to attend any school other than his or her districted school, please follow the guidelines and deadlines listed below. To find your districted school, visit www.fcschools.net. Under the "Parent Links" section, select "Locate My Child's School."

It is important to note that a request must be made to the Office of Student Assignment each year that a change in student assignment from your districted school is desired. All approvals are contingent upon space being available in the school and the program in which the student wishes to enroll. The Request for Student Reassignment form can be found at www.fcschools.net. Under the "Parent Links" section, select "Student Reassignment."

Student reassignment is a privilege that carries certain obligations. Students should remain in good standing at school in order to keep the reassignment in effect. Students are expected to arrive and leave campus in a timely manner, to attend as well as to be on time to class, and to follow the rules in the Student Code of Conduct. Principals can request that a transfer be revoked if these conditions are not met. If at any point in the school year, a student reassignment has met the following criteria, the principal can petition the superintendent to request revocation of the student reassignment and the student's return to his or her districted school:

- 15 or more tardies/early checkouts
- 10 or more absences
- A pattern of disciplinary incidences that are creating a disruption to the learning environment

IMPORTANT NOTES for GRADES 9-12: New and renewal reassignment requests must be submitted by May 31 for the upcoming school year (1st and 2nd semesters). New reassignment requests for 2nd semester must be submitted by December 1 for the upcoming 2nd semester. Reassignments for the semester will not be granted once that semester has started, except in extenuating circumstances.

Presenting a false record or falsifying records is a state and federal offense. Enrollment of the child under false documents subjects the person to liability for tuition or other costs. In a case where incorrect information is provided, the Board of Education reserves the right to immediately transfer the student to his/her appropriate school.
